### ***Our School Building***

This brick structure, our famed school building, was erected by School District No. 3 of Kiowa County, in 1929. Charles E. Thomas was architect and Nels Larson, contractor. It was dedicated by Eads Masonic Lodge A.F.A.M. in the same year.

Last year many improvements were made, both inside and outside. The school was connected to R. E. A. during the summer and so a completely new lighting system was installed, including "Exit" signs at each door.

The floors and desks were re-sanded and varnished. New typing tables were purchased, and one new typewriter. Typing chairs have been ordered but have not arrived yet.

A music cabinet and new kitchen cabinets were built, by August Heumann. The rooms were painted in cheery colors.

Even though it is small, we think our "Big-little" school house is, "Tops in the State."

## ***Lunchroom Workers***

In behalf of all the students and faculty of Sheridan Lake School, we take this opportunity to express our appreciation to our cooks: Mrs. Helen Harris and Mrs. Myers, for the wonderful job they have done in preparing the meals for us.

Mrs. Reuben Frey also helps in the kitchen whenever one of the regular cooks is absent.

So, to our swell cooks we say, "Hats Off! "

## ***To Our Janitor***

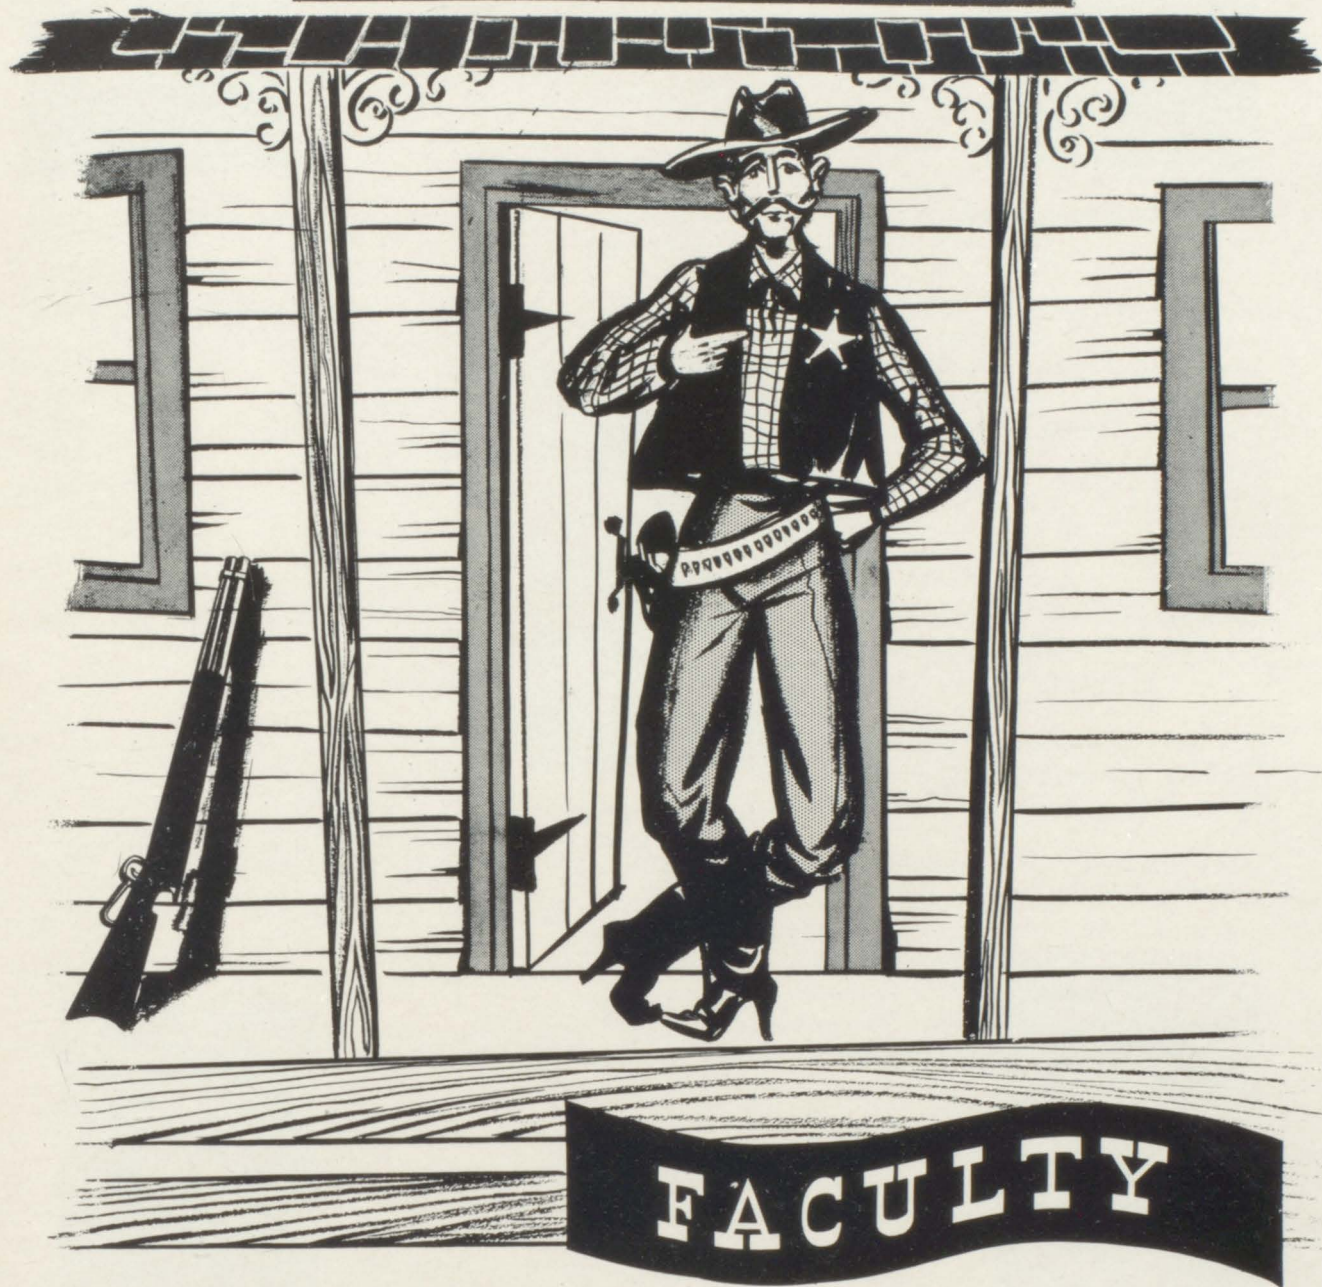

Mr. "Buck" Harris is the school janitor. He does a good job of keeping our school building neat, clean, and warm.

We want to thank him and his family for the many marked improvements which were made in the school building, during the summer.

Each and every student and faculty member wants to say a hearty, "Thank You," to our fine janitor, "Buck."

## *Class History*

Twelve years ago, a bashful, brown-eyed boy first darkened the doors of Sheridan Lake School, to begin his career in the first grade, under the supervision of Miss Elliot. This boy, Denis Wever, was the only one of the Senior graduating class to begin and complete his twelve years of schooling at Sheridan Lake.

Mrs. Lanning was his second grade teacher.

Billie Wren Peery, Edward Groomer, Stella Ortiz, and Estella Splitter joined the class in the third grade, with Mrs. Grace E. Byrne as our teacher.

Our fourth, fifth, and sixth grade teacher was Mrs. H. A. Mockelmann.

We lost Doris Sloan at the beginning of the fourth grade and gained John Gomes. Edward Groomer and Billie Wren Peery left us in the fifth grade, and John Gomez and Stella Ortiz in the sixth.

Our seventh grade teacher was Mrs. Eva Amyx. David Laumann joined our class that year.

There were six eighth grade graduates: Jean Alishouse, David Laumann, Raymond Murray, Stella Ortiz, Estella Splitter, and Denis Weber. Mr. and Mrs. Allen O. White were our teachers.

We began our Freshman year with six "Freshies." We lost David Laumann, who moved to Colby, and gained Don Carlson. Mrs. Estelle Faker and L. Howard Morton were teachers. During the year Don Carlson and Raymond Murray left the class.

In our Sophomore year, we lost Jean Alishouse, who moved to Wall, South Dakota for a year. The teachers were D. A. McKnight and Duane Lee Orth.

To begin our Junior year, Jean Alishouse returned from South Dakota, and Oneta "Jug" McClure came from Hugoton, Kansas. Charles D. Law, Duane Lee Orth, and Robert E. Dunn were teachers.

At this time, the Senior year of our schooling, we lost Jean Alishouse and Jug McClure, and in the Fall, gained Calvin Christiansen, from Ulysses, Kansas.

We, the Senior Class of 1952, wish to express our thanks to our parents, faculty, school board members, and friends for making it possible for us to secure an education. We say "Thank you" to our teachers, for their patience and understanding which has enabled us, at last, to become graduates of S. L. H. S.

## *Class Will*

We, the Seniors of Sheridan Lake High School, County of Kiowa, and state of Colorado: being of sound mind body, and memory, do establish and publish the following as our last will and testament:

I, Denis Weber, do will and bequeath to Merl Shalberg my ability to get along with my sister. I pass on to Harley Koeller my ability to get along with Estella Splitter. To Loretta Wilson, I leave my ability to smoke Calvin's pipe. I pass on to Mr. Dunn my ability to keep Calvin and I on the same side in basketball so we don't fight. I will to Mr. Chastain my very able ability of learning my part in "Aunt Susie Shoots the Works."

I, Calvin Christiansen, will to Loretta Wilson my ability to get along with the Towner boys. I give to Harley Koeller my ability to smoke my "Peace Pipe." To Mr. Dunn I will my ability to make technical fouls. I pass on to Merl Shalberg the ability to get along with the Eads girls. I leave to Mr. Chastain my ability to smoke my "new" kind of tobacco, (London Dock.)

I, Estella Splitter, do will and bequeath to Loretta Wilson the ability to be the only girl in the Senior Class, and to get along (?) with all the male members of the class. To Harley Koeller I leave the new typewriter, so he can make more words in typing speed test. I give to Merl Shalberg my ability to understand pronouns. I leave to Mr. Dunn an empty desk, which I occupied my Senior year at S. L. H. S. To Mr. Chastain I will my ability to go to all the basketball games and never seem to "run down,"

We, the Senior class, do will and bequeath to all the underclassmen our "books and brains," and we hope they will put them to good use. To the faithful old walls of S. L. H. S. we leave quiet and absence of turmoil, for which they have been praying, since the first day we set foot inside its halls; four years ago.

## Class Prophecy

Let us take a quick journey into the future, and see if we can catch a glimpse of the 1951-52 Senior graduates, in their various walks of life.

As we step into our new 1962 F-86 "Sabre Jetmobile," we are reminded of our carefree school days in S. L. H. S., our Alma Mater.

We are headed for the West Coast, and as we cruise along at 150 miles per hour, enjoying the scenery and weather, we realize that we evidently did not have enough breakfast, so we stop in at Salt Lake City, Utah, and eat lunch. We have just stepped out of the Cafe, when we see across the street, a sign on a glass building, which says: "Denis Weber, District Attorney," our school chum.

He has made a name for himself by successfully prosecuting the culprits in the recent "Nationwide Government Corruption Scandal."

We chatted with him for awhile, and we found that he is living happily with his wife, Shirley. As we see them now, they have only one young son. They are fighting about which one of them he looks like.

We glanced down at our watch, and saw that it was past time for us to be on our way, "Westward Bound."

We glided along very well, for about two hours, until we suddenly had a blow-out. We stopped at a little "two-bit town to get the tire fixed, and asked what the business of the town was.

The man said that coal mining was the thriving business, and that Harley, and his wife, (whom we found to be none other than our old classmate, Estella Splitter) were known all over that country, for their immense production of coal, for their home town friends.

They have nine children to take care of, and Estella works and slaves through the day, but always has a happy smile when Harley comes home with the pay check.

We talked for about an hour, and Estella wanted us to stay for supper, but we had to be "shoveling off," so we bade them "goodbye" and started on our journey again.

We traveled all night, and arrived in Los Angeles, California, early the next morning. We ate breakfast in a little restaurant, and on leaving, we noticed in the headlines of the "Los Angeles Beacon" something that made us stop and look. It read, "Admiral Charles Calvin Christiansen, of the United States Navy, has just arrived in Los Angeles, from an expedition to Hawaii."

We recognized this very familiar name, and were happy once again to hear of his whereabouts. As Calvin was in Los Angeles, we stayed around for about two weeks in order to see him.

He says that war conditions are much improved, in Hawaii, as are civil matters, also. He found a "Hula Hula" girl, while attending to "business matters" in the Navy (a-hem) and has been married to her for about a year. He brought her to the States with him when he returned.

We bade Calvin "goodbye" and took our F-86 into the garage to be "souped up" before returning home. After this "operation," we made our trip homeward in less than half time it took us to go.

It seemed good to be back in good Old Sheridan Lake, but it was also good to see our school-mates of '52.

### Sheridan Lake vs Granada B

This was a very close game all the way through. DEAD OR ALIVE

For crimes perpetrated against basketball teams from Towner, Haswell, Arapahoe, Cheyenne Wells, and others too numerous to mention. His career began when he was in the seventh grade. Each year about September a strange form of insanity seems to take hold of him and from then until April Fool's day he carries out a program of planned mayhem on the basketball courts of this area. CAUTION. He is armed and dangerous.
