TIGER

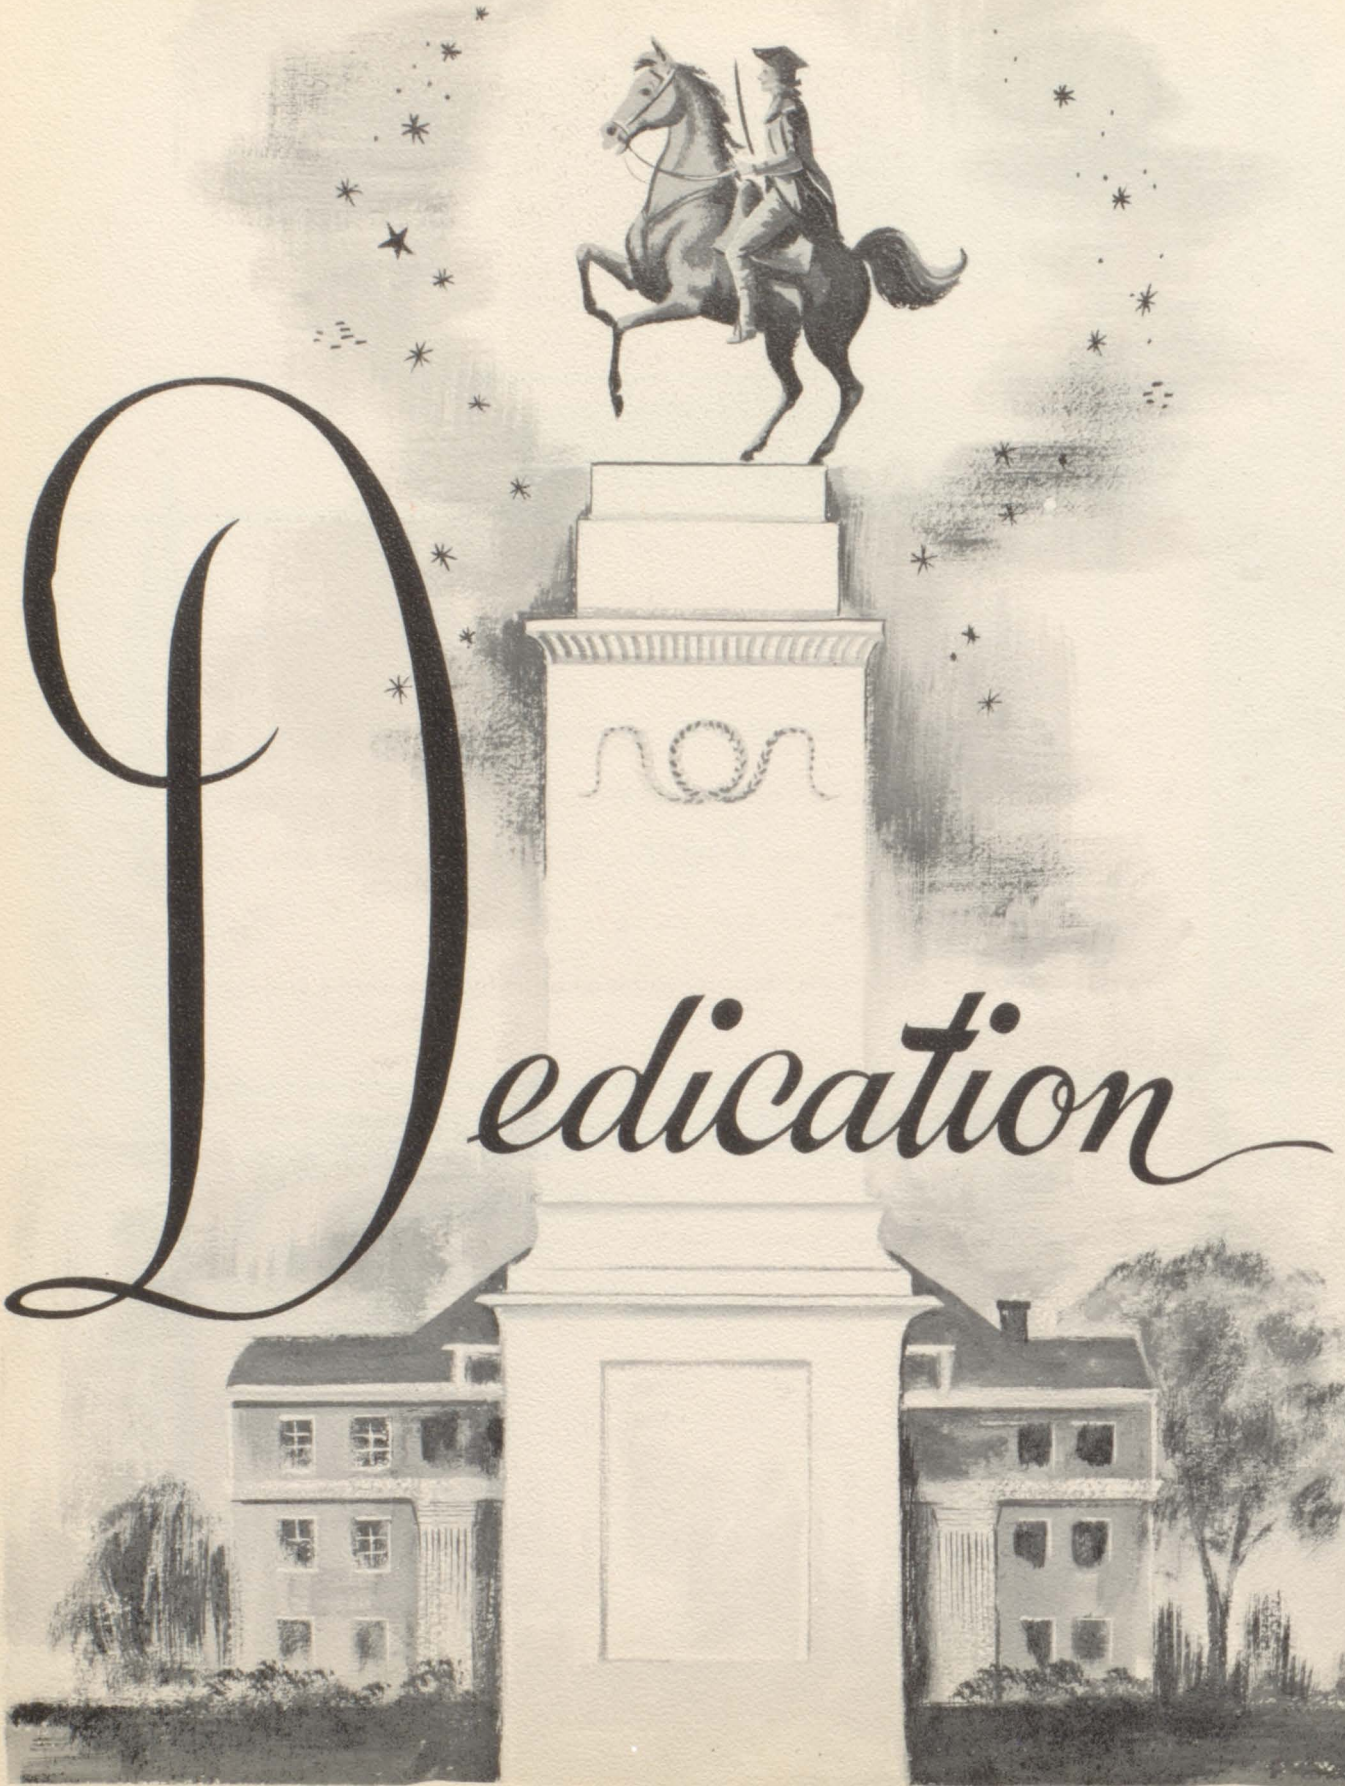

TOWNER HIGH SCHOOL

Towner, Colorado

Tiger

Dedication

Because of her interest in our community, our school and its activities; because of her efforts to make our programs a success; and because we appreciate what she has done for us, we very proudly dedicate "The Tiger" of 1959-1960 to Mrs. Rhua Sloan, the loyalty, patience, and guidance of our community.

Rhua has always given her time, talents, and inspiration to many worthy projects which has benefited each and every person in this community for many years.

Rhua has faithfully worked with the Home Demonstration Club, the 4-H Club, Civil Defense, the Heart Fund, Sunday School classes, and taught school at Towner. She has been a faithful community worker for the past seventeen years.

With these many wonderful deeds in mind--we thank you.

Prophecy Of The Towner High School Students

I, the Constant Gazer from the planet of Mars, do enjoy taking my long range telescope and glancing toward Earth at the end of each century to see the students of "Old Towner Hi."

On this Spring morning in 1999 I am searching for the eight Hi students of 1960.

First, I see the former Sharon Huddleston, who is now the wife of a Colorado Springs Cadet. They were blessed with nine little cadets, junior. Sharon is as spry as a spring chicken, who still likes to play basketball.

I now can see Bobby Osborn, who is now managing a landing field for the civilian space ships. His squaw was his old school gal friend, no other than Gloria Hopkins. They have one boy and three girls. Bob still likes to hunt rabbits and ride a motor scooter.

Larry Tuttle divorced his first wife to remain a bachelor for a great number of years. He had no children. It appears through the telescope that he is still flirting with the old ladies as usual. It appears that he might be doing something with scout work since he has a scout badge on his garment.

Jane Quinby was fortunate enough to take nursing and is now head nurse in the County Hospital located at Towner. Towner now comprises all of Kiowa County and the only school in the county is at Towner. Oil was developed in the area and Towner is second in size to Denver in the state. Jane was married to a young man from Holly, Colo. His name could not be had from this distance but he was red headed for her six boys are all red headed.

Charles Humburg is now the leading farmer in the area South of Towner. He appears to have many thousand Hereford cattle on his ranch. He is using Mr. and Mrs. Hammond as his foreman and household caretaker. He still has trouble with his car driving while in Holly.

Larry Herren is now a famous lawyer in Denver. He represents most of the people in Towner with their oil royalties and leases. His wife is a cute little blonde who was holding their sixteenth child.

Jeanie Brodie is now head of the mathematics department in Colorado University. She refused any number of suitors to remain an old maid. However, she still has that familiar smile for everyone. She still plays guard on the college basketball team.

Lonetta Hess is now the wife of a retired general and lives in Hot Springs, Arkansas. She has no children of her own but it appears that she has adopted nine little Indian boys. Her hubby is Darell Wright.

The faculty of 1960 are scattered in many places.

Mr. and Mrs. Little are now running a chicken ranch in Eastern Arkansas. Mr. and Mrs. Godden went to school and are now both instructors in Greater Towner Hi. Mr. and Mrs. Rice have both retired but their son is teaching band and music in Pittsburg, Pa. Mr. and Mrs. Mead could not be located on the worldly map so Wilbur must be on Jupiter in the science field which was his highest ambition.

The mist has settled over the Earth so I will report more at a later date.
