FACULTY

I take this opportunity to express my deep appreciation to the patrons, school children, and all people in any way connected with the Plainview School system for their splendid co-operation during the present school term.

We realize that the best of a school system could not be had under two different schools and in obsolete school buildings and facilities. Words cannot express my deep gratitude to you for your fine co-operation toward a new school, which is expected to be occupied by mid-term of 1963.

We realize that new buildings are expensive and that the plans are under way to give you a modern building as well as a faculty which will enable your children to receive a better education.

Again permit me to congratulate you upon your progress toward the best education possible for your children.

Respectfully submitted,

Lee Little
Lee Little, Superintendent

Principal

Congratulations to the Annual Staff of 1962. You have worked to have an annual of which you may all be proud, I am sure as the years pass you will be happy to have a source such as your annual to bring back memories of your school days.

Another year of learning has passed. For the Graduation Class of 1962 it is a milestone for proceeding on to always bigger and better things. I hope that your school life has prepared you for striving for the best.

For the undergraduates another step has been taken in the right direction. I hope that you will be prepared to return to school next year with the highest goals possible set for yourselves.

It has been a most enjoyable year. I wish to thank the students, parents, members of the faculty, and all the other people who have helped to make it thus.

Class Will

I, Pat Barber, will to Sally Moulder my locker and to Karen Boulware, my brother. To Bill Maggart, I will my geometry book in hopes he may never have to use it.

I, Cathy Moulder, will to Sandy Boulware my locker and books, and all my A's to Barbara Splitter.

I, Bobby Osborn, will my height to the B basketball team, my ability to play basketball to Charley Stewart, and my ability to go steady to Chuck Zeller.

I, Gilbert Splitter, will my horn to Sonny Steele, I will my black eye to Ralph Hallack, and to David Specht, I will my ability to stay single.

I, Joann Eitel, will my office work to Shirley Steele, and to Rosetta Barr, I will my locker and books. I will all the fun I've had to Terry Harris.

I, Lydia Splitter, will my long hair to Sandy Boulware; my diary key to my brother "Butch" so he won't have to continue snooping; and to Karen Humburg, I bequeath my trusty, beatup pompons.

I, Jane Quinby, will my ability to make passing grades to my little sister, Carol Ann; to the Freshmen and Sophomores, I will my locker and books. I will my "beautiful" royal blue cheerleading dress to Vicki Smotherman.

I, Sharon Huddleston, will my ability to get along with Frank Liberato to Gloria Hopkins; my ability to make good grades to Mike Huddleston, and my ability to catch boy friends to Mary Lee Henning.

We, the Seniors of Plainview High, will our good looks, our intelligence, our books and pencils, our lockers, borrowed paper, our A's, our teachers, and our sympathy to the undergraduates.

Reaching for a crystal ball, and gazing through the murk and mist into the future we see the Seniors of 1962:

Cathy Moulder was preparing to be the first woman astronaut to be sent into space. However, someone else beat her and she is now a beauty operator for the Wigwam Company.

Pat Barber is now the wife of an admiral in the United States Navy.

Joann Eitel is now married to a wealthy silk worm farmer. She now takes trips to Venus in her silk lined space ship.

Bobby Osborn is now in the middle of Africa in a pot with Cannibals dancing around him, but we find they are only getting ready to-----scrub his back.

Sharon Huddleston is now Dr. Huddleston, hasn't married yet because of her devotion to the study of Doodle Bugs. Dr. Huddleston is now the head of a large science University in California.

Jane Quinby, as we see her now, is tending her large garden of daisies which consists of 1500 acres. She is married now to someone very familiar although we can't see him clearly, through our crystal ball.

Lydia Splitter has now married a Psychiatrist and is helping her husband in the Sanitarium. She has been working with her husband more than the patients lately.

Gilbert Splitter is now the President of the S.M.O. (Space Monkey Organization), we just got a report over the world wide lines that they orbited Gilbert, by mistake, instead of Enos the monkey.

HUMOR

Would The World Collapse If.

Mr. Smith would get to girls' P.E. on time.

Gilbert would stay awake in Physics class.

Mr. Godden could keep his typing class quiet.

Bobby and Mike would keep it straight that Towner isn't on Highway 51.

Cathy would be last in the lunch line.

Lydia would cut her hair short.

Sharon would miss a ball game.

Jane would get a letter daily from Albuquerque, N.M.

Joann would drive another car besides a white 1960 Ford.

Pat would let the mail route from Brandon to Kingsville, Texas, rest a week.

Bill and Leo wouldn't giggle all the time.

Karen and Gloria would go steady.

Shirley would trade her dog in for a newer model.

Towner sociology class wouldn't have a test every Friday.

Sheridan Lake Geography class wouldn't have a pop test everyday.

Charley would find a girl friend.

Frank would learn the Twist!

Mr. Crigler would attend church regularly.

Mr. Adamson would be in a bad mood one day.

Mrs. Wood couldn't count to ten.

Mr. Wood had the bus gassed and ready to go on time.

Barbara would find a boy that could out fight her.

Ralph would find a girl that he could keep.

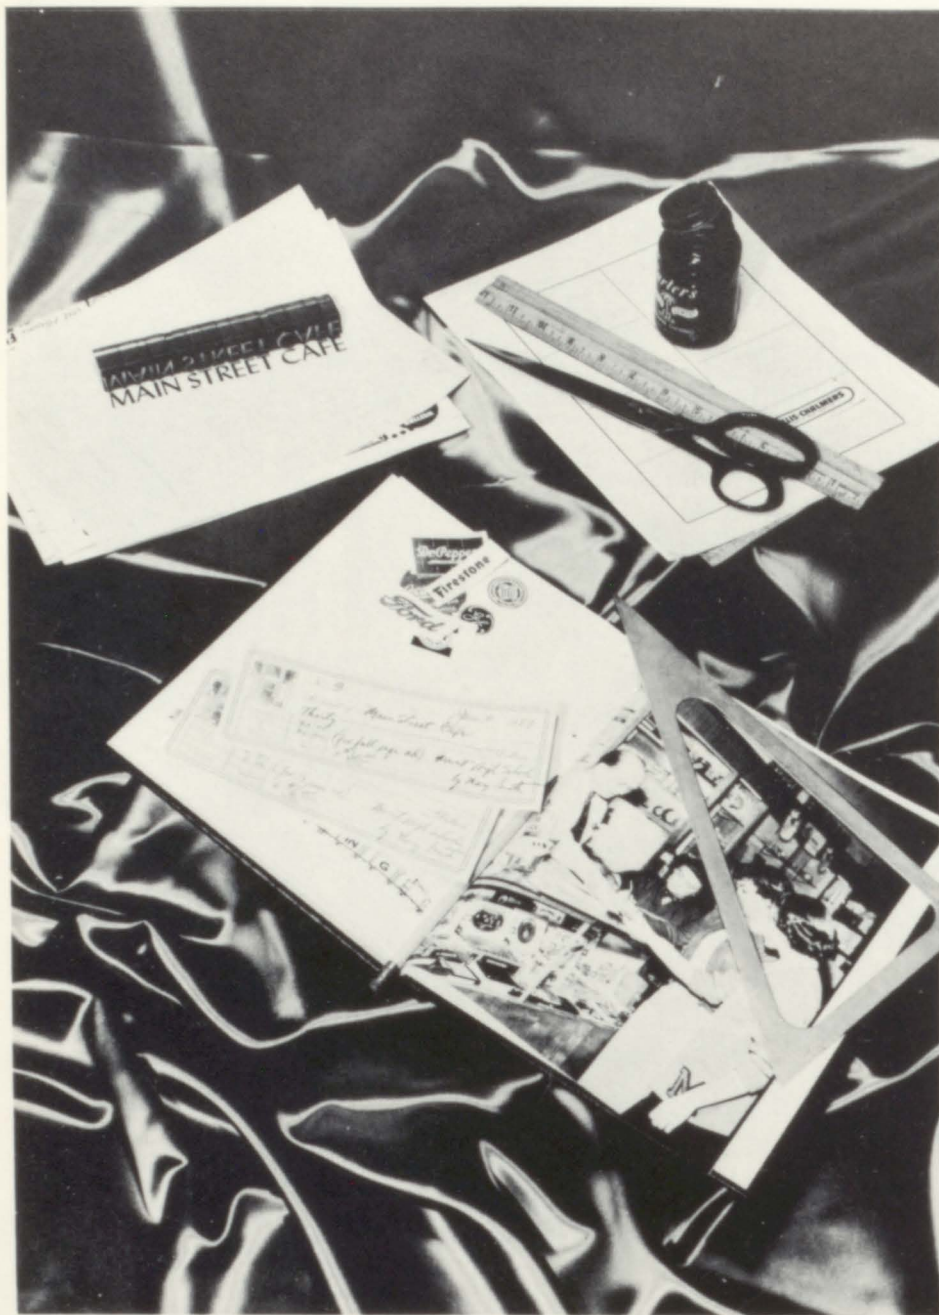

Mary Lee didn't have a boyfriend.
