SENIOR CLASS PROPHECY

Sandy Osborn and her husband, Bob Osborn, are now living in St. Louis where she is the head of the Ladies Aid Society.

Merlyn Henry is now living in Moscow where he is the head of the C.I.A. (Central Intelligence Agency). P. S. Moscow women be on guard!!

Carol Quinby is now in the Peace Corps. She is a nurse to the cannibals of South Africa. We hope we can report on her again next year.

Rick Smotherman has become one of the foremost rodeo producers. His latest infatuation was with a rich ranch heiress from Gunnison, Colorado.

Mary Lee Henning is now a dental assistant to the famous dentist Dr. Merle Henry. They specialize in making false teeth for space monkeys.

Hurley Hurde is now a plastic surgeon (without a degree). His latest victim was Bob Grayson, his dear cousin. Results: Undecided.

Sylvia Vanderwork is now the wife of an admiral in the United States Navy. They make their home in a peaceful resort near Viet Nam.

Wayne Hawkins is now a famous artist in the Rivera. We hardly ever see him back in the U.S. anymore.

Joy Beaman is now married to a famous boxer. She is very economical, she serves as wife and coach.

Dale Hess and his wife are now hair stylists. They specialize in children's hair (mostly their own).

Carol Selby is now a fashion model in New York. She is closely associated with Millie the Model comics.

Rodney Hopkins now makes his living by test driving race cars. His first run was the drag strip around Plainview High School. (in his dad's car).

Bruce Teeters is now the President's press secretary. He is noted for his long press conferences and so far none of his scandals have caught up with him.

Don Weber is now a Jr. Executive with the Weber's Farmer and Ranching Association.

Karen Boulware had a chance to be a movie star but she turned it down to marry _____ from Tribune, Kansas.

Robert Hopkins and his wife of a few years (Guess who?) are happily situated on an island in the Caribbean. Robert retired there after a highly successful career as a district attorney in New York State.

Ralph Hallock is now a successful engineer, on his way to making a massive fortune. He just reconstructed the Golden Gate Bridge. His next task will be foreman of a crew of 2,000 men who will be hard at work cleaning the Statue of Liberty with 50 tons of S. O. S. pads.

WOULD THE WORLD COLLAPSE

if the Brandon bus arrived on time,
if Mr. Dilly erased his blackboard after class,
if the teachers lounge was empty,
if all the young lovers would go directly to class,
if a day went by without hearing the words Oklahoma or you all,
if the teachers wouldn't cut in on the lunch line,
if the Freshmen didn't giggle all the time,
if the Sophomores had a quiet class meeting,
if the Seniors all came to school one full day,
if the annual staff didn't meet every night,
if Mr. Humburg found all the animals he's lost in the school,
if Mr. Nix remembered to bring his grade book to class,
if Mr. Jackson was in study hall when the bell rang,
if Mr. Neal ever lost his baton,
if Miss Franklin said you without all,
if Sylvia didn't write Joe every day,
if Rick Smotherman didn't wear western clothes.
if you could sneak out of Mr. Reeds class without getting caught,
if Mary Lee was serious about the same boy for any length of time,
if students would quit climbing out the classroom windows,
if Doug Huddleston would attend annual staff meetings, (even when he's here)
if this annual ever gets finished,
if the seniors play is as good as the Juniors,
