I don't ask for complications
but they come to me in spite.
I never look for ghosts
yet they haunt me in the night.
I've never told the sun to stop
or told the rain to come.
I either cling to more or less
but never just to some.
I think I wish I didn't care
if laughter came at all.
I only wish that tears would leave
and problems would be small.
I marvel at some miracles
and remember them as good.
I stand and watch catastrophes
and wish I understood,
I try to do what's good and right
and turn my head at bad.
I hate it when my plans don't work
and I start to feel so mad.
Mixed emotions I've learned to face
and make it through the day.
I know I'm only growing up
and everything's okay.

WE OR THEY

We are like them
But we are not as old.
We are like them
But we are not as wise.
We are like them
But we are not as mature.
We are like them
But we are not them.
We are small, still in school.
They are grown, gone from
school.
They have jobs.
So do we but not like theirs.
They have advantages.
We always wish we were "They."
I wonder what will happen
When We become They?

Never to Return

never again to experience
what they have
for many years
our seniors leave.

Never to Return

just a couple more years
and we, too,
will join
those ranks
and greet our new world

Never to Return

all our good times--
hopscotch
A's
victories
all our sad times
skinned knees
arguments
losses.
all these,
we took in stride
together,
Never to Return.

It is now Autumn.
The leaves are turning
And falling off the trees.
It's kind of cold outside.
This will be the last
Autumn to May
I will share with
All my school friends
At good ole' PHS.
I love to see Autumn come,
Because it's always pretty
outside.
And I look forward to seeing
All my fellow classmates
and friends.
As the season of Autumn to
May goes on.
I keep wondering what the
1977 season of Autumn
to May will be like.
Will I be seeing my fellow
classmates and friends?
I am going to enjoy
This Autumn to May
Like I never have before.
For all I know,
It may be my last.
