MR. VID MIZER

TEACHER OF THE YEAR

Teaches science. He is presenting Karalee Dilley with a Science Fair Award.

Coaches girls' volleyball, basketball, and track.

Participates in pep assembly. He is a basketball player??

When a teacher cares enough to
try and make you smile,
When he's always there with praise
to push you one more mile
Showing and telling you that he
wants to help you through
Not because you're a student but
just because you're you.
He's more than just a teacher.
He's a friend and a guide.
He's someone you can turn to and
look up to with pride.
But no one ever tells him that all
he's done is prized,
That he's loved and respected in
every student's eyes.
He really ought to know it,
He needs some praising, too,
He needs the satisfaction of hear-
ing it from you.
So before I leave Plainview I
really want to say
Thank you for caring enough to
help us on our way.

Helps freshmen to gather wood. Also, he dressed as a girl basketball player during initiation.

Receives teacher of the year award from Hawk editor, Karen Smith.

MATURING

I'm a child at heart.
Grasping for the beginnings
of a maturity,
And holding on with pride
Of belonging to a coveted,
independent society.
I'm pulling myself up to my
idol's level,
But my hands are aching -
The rope of life is knotty
and rough,
And the gravity of childhood
Is pulling me
Down.

The Search
I'd looked for years
To find the world.
I'd searched both high
and low.
I'd walked the roads
That touched the sky
And where salt breezes
blow.
And then one day
There came a child
Who, though he could not
see,
Still laughed and sang
And most of all,
He found the world for
me.
