The Plainview School Board made some major changes for the school this year. To start the year off, the board proposed a bond election for a new roof on the school. The bond election passed; thus allowing the school board to have a new roof put on the school.

Secondly, the school board purchased new ovens and a new ice machine for the school cafeteria. The school board also purchased a new 65 passenger bus for activities. The school was changed from propane to natural gas, too. In addition, the school purchased a new highway sign, a computer, and a whirlpool. The baseball field and the student lounge were redone. The changes have been numerous. These changes have helped to make Plainview a better school. Many of these purchases were made possible by a generous donation by Mrs. Vi Boulware.

The directors and staff have led the students in a very successful and good school year.

TRAVIS BARNES has bought his own school and is in the process of re-writing the entire system of grammar. Travis now owns Three-Mile Island. He has had three accidents and has earned the title of the "Mad Nuclear Scientist." BILLIE FAULCONER is now a wrestling manager of Andre the Giant and Ricky Remero. Billie now has three world championship wrestling belts. She is now considering a wrestling career of her own. TAMMY HARRIS has just written her autobiography. Roman Palansky has decided to buy the rights to Tammy's book and plans to produce a television serial entitled "Tammy's Hope." In this serial, Tammy will be starring with her leading man, Robert Redford. SHAWN KARI now owns a manufacturing company that only produces boxer shorts, Shawni Socks, and toothbrushes. Still driving the blue bomb, this eligible bachelor can be seen playing soccer with the Avalanches. CARRIE KERSHNER has opened her own brewery and has named the beer Kersh. It's no down-stream beer, it's no swamp water beer, it's Kersh. Carrie can still be seen cruising around looking for the "Number 10." MARVIN KOELLER is still farming and owns all of Colorado except for one county — Kiowa. He is now negotiating deals to obtain Kiowa County from his father. If this deal goes through Colorado will soon be known as Koellerado. Marvin is still unmarried because he cannot find a woman to measure up to his high standard of living. MENDY SCHWEITZER finally had her braces removed and married her orthodontist. They are now working arm in arm to invent invisible braces. GREG SHALBERG now leases a few oil wells from Marvin which keeps him equipped with pockey money. He uses this money to finance his nightly keggers. He is unmarried because he can't find anyone that can keep up with him. SANDRA WILSON is married and has nine kids with one on the way. Because of her present condition she has to take a break from her professional rodeo tour. She is well known for her expertise in Brahma bullriding, having earned herself a position in the Rodeo Hall of Fame. MISS RUTH FEES has been appointed to the President's cabinet as head of the Department of Education. She is presently on the road portraying Lady Macbeth in Macbeth.

TEACHER OF THE YEAR

Janet Palmer

The Hawks chose Mrs. Janet Palmer — Teacher of the Year. The Publications Class would like to dedicate this 1981 Hawk to Mrs. Palmer. She has given many hours to PHS. The Plainview students love Mrs. Palmer; her love is returned by her devotion to students and Plainview. Even though Mrs. Palmer is a strict disciplinarian, the Plainview students enjoy her classes.

Mr. and Mrs. Palmer

"Did you like it?"

"I love those junior high kids."
