Homecoming was a good way to start off the new year. Students and teachers all participated. The parade was set for Sept. 24, which was a warm and windless day. It was a success and a highlight of the week. The Junior class took first place with a float to "Kill the Cardinals." The Senior class took second place with a very imaginative float. The Sophomore class was to "Boot the Cardinals." The Jr. High got fourth place with a float made in the image of Pac-man. The Freshman class finished fifth place with a napkin-stuffed float. The football team followed the parade's theme with a 14-6 victory.

Coaches Comments

The 1982 football record of 4 and 4 and a tie for third in league was an indication of the balance of football in our area. Three of the four defeats were to teams that finished in the top four in the state. This years team received the attention and respect of the other teams in the league which speaks well of the men on the ball club. If each team member received as much reward from the season as effort they put into it, then I feel it was a good year.

COACH'S COMMENTS

This years Volleyball team was very successful in posting an impressive 12 - 5 season record and achieving the Eagles first ever Volleyball League Champion. Despite the lack of depth we had strength at every position and were tops in the league as far as raw athletic ability was concerned. However, it was the lack of team spirit, concentration, killer instinct and self-motivation that was the determining factor in every close loss and the eventual death blow for Eads at the sub-district tourney. I hope these girls learn in life that the importance of winning does not apply only to those events which they enjoy, but to any challenge which they may encounter.

I would like to thank Barry Wood and Robin Watts for their all year long help and I would also like to thank Mars and Jean for their leadership at practice as well as during the games.

Thank you

Eads participated in four scholastic bowls in the 1982-83 school year. The first was in Lamar in November against the other schools in our BOCES district. The Eagle team placed 7th. In January we hosted 9 teams in the 3rd Annual Eads Scholastic Bowl in March and 2 teams to the Otero Jr. College Bowl in April. We had a successful and fun year with several under class men gaining valuable experience.

Coach's Comments

If the 8th grade girls had the opportunity to be played exclusively I feel that no opposing junior high volleyball could have beaten them. The 8th graders possess tremendous team spirit and individual athletic talent. I believe if they stick together and dedicate themselves that they will become productive members for the high school next year. They possess the qualities to eventually win many volleyball games and hopefully add many volleyball trophies to the Eads display. All of the girls improved throughout the year.

The 7th grade girls aquired valuable experience this season. If the girls aquire a positive and productive team attitude then next volleyball season could be a success. Coach Barry Wood

Girls Basketball

I feel that as a team we were a little disappointed with our finish at state. Yet looking back on the season and a record of 19 wins and 3 losses we have reason to be proud. Along with having a great record, being League Champions and district champions for the fifth consecutive year, the girls learned alot about themselves and each other. This experience, along with many memories to carry with them, could benefit each individual in future challenges in life. I hope that each individual felt a feeling of accomplishment and satisfaction in being a part of the 1982-83 basket ball season.

Boys Basketball Coachs' Comments

The 1982-83 boys basketball team compiled a record of 14 wins and 5 losses. With a league record of 8 and 2 they were Co-Champions with Cheyenne Wells which is the first time in several years they have won the League. To climax the season, the boys finished second in district.

As Coach I felt that this group of young men put forth alot of effort and showed much determination. Though not blessed with super talent, they disciplined themselves to use all that they had. I was very proud of this team and will look back on the season with many fine memories.

Coach's Comments:

The 1982-83 wrestling season was one that can be looked upon as being quite successful. There were individuals placing in every tournament participated in, except the state tournament. Three boys qualified for the state tournament and all will be returning next year, which should give us a good core of leaders.

I enjoyed coaching each and everyone of the Eads wrestlers this year.

Coach's Comments

Coaching junior high girls' basketball for the past two years has been more of an experience for me than the girls on the team. I shall always look back on this group of girls as a team who carried out my instruction to the letter. It has been a great privilege to coach the first undefeated girls' junior high basketball team. "Girls, I will always have an intrest in your success and happiness. I hope that I shall have the joy of fellowship with you through the years, and will look forward for opportunities to assist and encourage you."

With kindest personal regards and a prayer that peace, health, and happiness may attend you, I am

Most sincerely yours,

COACHES COMMENTS

In taking advantage of the few nice days this spring, the baseball team compiled a season record of 9 wins and 4 losses. The team won the league for the first time since the new league was formed with a record of 5 and 1. I would like to congratulate the team on the fine season. Seniors who contributed to this years season were: Jeff Kelley who played first base and pitched, Greg Griswould who caught and played third base, and Scott Pearcey who played outfield. I would also like to thank Kristy Hines for keeping the score-book and Ronda Igou for being our manager.

We the Senior class of 1983 dedicate this annual to Jerry Pfingston. Jerry retired last year from being a long time member of the Eads school staff. He was head of the bus garge, worked on busses, drove them, and just made sure all the students made it to there destination safely. Jerry has always been helpful to anyone. We would like to give him our appreciation of taking the time and effort of making each athlete a branding iron for the athletic banquet.
