Football Comments

A 4 and 4 record is not a great season but, I feel, with all things considered, it was a good one. Three of our four losses were to teams which reached the semifinals in the state play-offs, including the 16-20 loss to the State Champions. I think as the season progressed the team began to develop a very cohesive unit. Each member showed confidence in each other and themselves in their respective roles. There were several Seniors who contributed much to the team and will be missed. I feel that if we reflect back on the attitude of the team this year as we begin next season, we could end up at the top.

VOLLEYBALL

Howard Mestas, Trudy Howard, Kristy Hines, Shelly Watts, Dana Legg, Diana Mitchell, Kristy Griswold, Kristin Kelley; Front Row: Landa Eikner, Shelly Hines, Heather Mosher, Dawna Mitchell, Lynette Pitman, Sheila Fuqua,

This year's volleyball team was a strange one to figure out. We had size, experience and skilled people at every position. We had a big early lead in just about every game, we dove for loose balls and we always seemed to be outplaying everyone. Yet we ended up at 6-12. Something had to be missing and I believe it was the element of team spirit that left us on the short end of every close contest. I've always believed that if you don't play with emotion then you're just going through the motions and with the exception of districts, we were nothing more than a group of well skilled robots.

The district tournament was the highlight of the season and we finally played as we should have all season long. We came within inches of winning it all but fell short to a fine team that eventually went all the way to finish second at the state tournament.

I would like to thank those parents who did support me all season long, Diana Mitchell for patiently keeping stats and being manager, Jack Howard for the team meal, the E.H.S. boys for cheerleading and Tenda Howard for her assistance and tremendous encouragement throughout a dismal season. Special thanks to Trudy for unselfishly making the switch from hitter to setter, thus enabling everyone else to look better.

Thank you,
Howard Mestas

Crawfs Comments

It was a nail-biting, heart-stopping finish, but we reached our goal this year: the Girls State Championship. It's hard to express the feelings I have for this team; they played with tremendous heart determination, and poise. There were times during the season when things were tough for us, but each time I think the girls reached down deeper and became mentally tougher. Learning from these experiences, they brought it all together March 10, 1984 to win the State Championship. I owe much to several people who contributed a lot to the program. Most of all I want to express my appreciation to the team for giving me a very special experience. I will be reminded of this year's team with many memories.

If improvement is used as a measurement, I feel this years' team, was a success. With the exception of one team, we played every team closer the second time we met. Much of this success was due to dedication and on aggressive attitude. this years team constantly displayed alot of heart and a will to win even though we had a losing record.

David Crow was the only senior on this years team and his contributions will be missed next year, especially his cooperative attitude. David was always willing to sacrifice for the good of the team. Most of all I feel this team learned alot about themselves and life. There were situations at times beyond thier control in which they "picked up" and tried harder in other areas to make up for these problems. I think this helped each individual mature both as a player and as a person.

WRESTLING COMMENTS

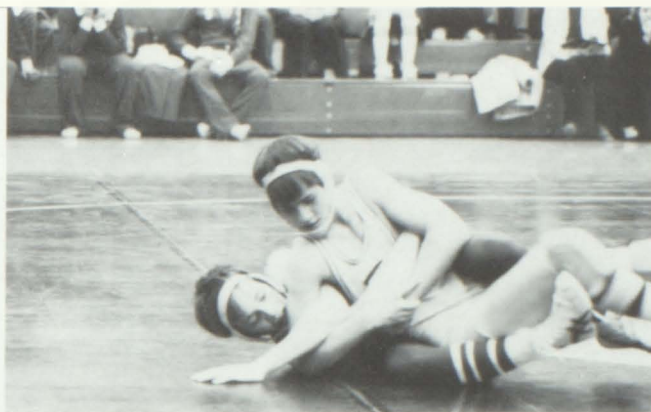

The 1983-84 wrestling season was a super one and everyone can be proud. Qualifying six for the State Tournament was especially gratifying and was the result of a lot of hard work during the season. Thanks to a great bunch. I enjoyed it and hope you did too!

The Eads High School Eagle Mascot was born October 21, 1983 during half-time ceremonies of the Eads Swink football game.

The mascot hatching process from the grade AAA egg was viewed by the crowd with great excitement and enthusiasm.

Our mascot was involved in gaining crowd participation during athletic events during the remainder of the school year.

Thank you to each individual in the school and community that contributed to make this special attraction available for building interest in the community and school.

FOOTBALL

I wish to thank the boys for a hard hitting season. Each of the boys shared a lot of improvement in their blocking, tackling and running skills. I feel this year's 8th graders will be able to contribute a great deal to the high school team. Thanks again boys and God Bless. Mr. Gifford

JR.HI. SPORTS

JUNIOR HIGH BASKETBALL

I am proud to have coached each one of the boys, because they were willing to give 110% from the beginning tip-off to the ending buzzer. The boys finished the season with an 8 and 2 record. I thank God for these fine athletes and pray they will continue to be blessed in their athletic careers. Thanks boys for one of the most enjoyable coaching years I have seen.

Coach: Gifford

Jr. High Girls Volleyball

Although we had a rather short volley ball season. We learned the basic skills of volleyball that will benefit each athlete in the years ahead. Their enthusiasm for learning should be commended, as for their effort to be the best they could be. I enjoyed working with such a fine bunch of girls. Coach: Trena J. Howard

At the beginning of this junior high girls' basketball season, I would have been satisfied with winning 50% of our games. However, I did not take into consideration the competitiveness of this year's junior high basketball team. We lost only one game for the season. It has been a privilege to coach such a group of girls. I will always have an interest in your success and happiness. I hope that I shall have the opportunity to assist and encourage you.

With kindest personal regards and a prayer that peace, health, and happiness may attend you, I am:

Most sincerely yours,

Buddy E. Wiser, Coach

TRACK COMMENTS

The 1984-85 track season was one which can be remembered as "super" for both the girls and the boys. Although we didn't have numbers enough to win any meets, we did show we were as good or better than most. A very fitting culmination to the season was placing in three events at the State Track Meet in Aurora. A very special thanks to the seniors who helped in leading the way.

BASEBALL COMMENTS

The 1984 baseball team compiled a season record of 9 and 3 finishing second in the Arkansas Valley League Eastern Division. With the exception of a couple of games, I felt we played consistantly good ball.

I thank the seniors for their contributions to the program. I wish them success in the future and hope that the lessons learned through baseball will serve them well in the future. I would also like to express my appreciation to Kristy Hines for her years of dedication in keeping the scorebook.

Eads High School knew the class of '87 had arrived when their first class project, their Homecoming float, won 2nd prize in the Homecoming parade. Still showing much enthusiasm after that project, the class launched the magazine sales campaign and surpassed their goal of 192 sales by selling a total of 309 magazines and tapes. Next on their agenda was the Haunted House at the STUCO carnival, which was one of the crowd's favorite "booths". The last money making project was the successful chili-stew supper held just prior to the senior play. Every member of the Freshman class participated in these activities to make them real class efforts.
