EHS FACULTY

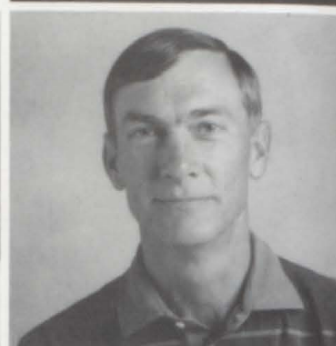

Every school year is an opportunity for our students to grow and to prepare themselves for life. As we reflect on the 1994-95 school year, we are beginning a new era in the life of Kiowa County School District Re-1. The district has been involved in the development of a strategic plan for the future, in order to meet the goal of becoming the best school district for our size that we can possibly become. We want to emphasize excellence in all that we do, but especially in our academics. It is time for our district to shine as much in the classroom as we do in the athletic fields. This year we have begun this exciting journey to excellence. We will continue to travel on this road in the years to come.

National Honor Society has been very active this year. We have done many money-making projects. They include selling environmental t-shirts and having cookie sales at the high school breaks. We have raised enough money to buy new things for our members. One of the items we were able to buy was NHS polo t-shirts for us to wear. We also had a community art show. We are trying to get more involved with the community this year. We want to thank everyone for their support.
