The eight ball, not the one that is used to play pool, but the magical ball with the triangle floating in blue water, has been consulted to reveal the truth of the 2001-2002 yearbook. It says, "Outlook good!" When searching for your future outlook our hope is that you will look within, and remember, set your sights high, because **ANYTHING IS POSSIBLE!**

George Bush Sr. was President, we entered the Gulf War, the "electronic Age" began its boom, *Dances with Wolves* won the Academy Award, but you were watching *Home Alone*, Cabbage Patch dolls and Rubik's Cubes were popular, and you still thought adults were smart! Do you remember?

Faithful and true-hearted, let us boost our dear old high. May we always rank the highest, may our colors ever fly. We still stand for her united, every deed we'll proudly tell. So colors gleaming, bright faces beaming, here's a yell for her, that we all love so well. Joyous and ever loyal, let us boost our dear old high, may every heart sing, may every voice ring, there's no time to grieve or sigh, so ever onward our hearts pursuing, we still fly our colors true. And united we will boost for her, boost for her, our old Eads High.

Top to bottom:
JaLynn Richards,

Words from Coach Randel

The 2001-2002 girls basketball season was a very enjoyable and exciting one. The girls are now the two time defending Christmas Tournament Champions and made, this groups, first State Tournament appearance, walking away with a third place trophy. There were many memorable moments and outstanding plays made throughout the year, but the game that will stand out in my mind and capped off our outstanding run was the Limon game. Sometimes greatness does not always result in wins on the court, but it does produce greatness among individuals. The graduating seniors will be missed a great deal next year. The leadership and work ethic they brought to the court will be hard to replace. I wish them good luck in the future and thank them and their parents for the endless hours they put into the games.
