We Are

Plainview!!!

We are happy. We are affectionate. We are caring. We are enthusiastic and dedicated and unique. Our moods may change everyday and our expressions change from hour to hour. Whether we are learning, or creating or playing a sport, we wear our emotions on our sleeves for all to see. But no matter the mood or the circumstance, one thing remains the same: **WE ARE BEAUTIFUL.**

We are writers. We are historians. We are mathematicians. We are scientists. We are anything we put our minds to. From constructing wooden masterpieces in shop class to balancing chemical equations in chemistry, we are constantly growing and learning as students. At Plainview School, we are using skills and knowledge everyday to become better academically because **WE ARE SCHOLARS.**

# WE ARE SCHOLARS

**Hippie Scientists** The sixth grade science class(above) enjoyed learning science on the floor in Ms. Moore's "Hippie Classroom".

## What was your favorite part of science?

"I think I will remember when Ms. Moore went on a rant about how people are not smart for living next to volcanos."

**-Kayla Wanderlingh**

"The part where I was so close to making a peanut butter and jelly sandwich!"

**- Myla Reynolds**

## Remembering Science

**Jon McClave**

"My favorite was biology because it was very entertaining."

**Jordan Dirks**

"I think I will remember the anatomy because I want to become a doctor."

**Dissections, Butterflies and Skeletons...Oh my!** Students in science learned a variety of different topics including science fair and how to skin a cat.

## We Are...Scientists!

From Biology, to Chemistry to  
Physics and Anatomy, we learn it  
all.

**Seth Splitter** works hard and safely to complete a reaction lab in his physical science class. The physical science class spent a lot of time learning the basics in chemistry including how reactions can change colors and create new substances.

"My favorite class that I have taken in the past two years was the Earth Science class of this year. Ms. Moore is an excellent science teacher who is very good at keeping things interesting and fun. She took us on field trips, she didn't lecture us, and she made everything just really fun overall."

## WE are...Mathematicians!

### Math and Giggles.

We are... Literate

## Numbers and Figures

Learning math is no easy task! The students at Plainview learned all about that while studying equations and shapes and learning to use calculators to make life more simple.

Jon McClave

Lydia Splitter

At Plainview, we do a lot of different activities. From building floats, to going on field trips, we are always busy with something. Because at Plainview, we are more than just students. We pride ourselves not only on our academics and athletics but everything else in between.

We are free throw shooters. We are servers. We are sprinters and passers and encouragers. We practice and we play hard. We are athletes. Whether we participate in basketball, wrestling, volleyball, football, baseball, track or cheer, we try our best to win, even against all odds. Why? Because we are dedicated and **WE ARE ATHLETIC.**

# We are... **ATHLETIC!**

**Coach Frey** We had a great year with great growth!

The Junior High of Plainview School united together, boys and girls, to form a unique team that worked hard and played harder. They had a challenging season, but they pushed through it and when it was all over they knew all the hard work had paid off. Though the odds were often against them and the other teams were larger in number and size, they tried their hardest and never gave up. The A and B teams both worked together, always doing their best. The whole junior high team is going to have to say good bye to their 8th grade teammates that will not be returning next year, Alex Schmit, Kayden Moser, Japheth Frey, Olivia Specht, Kyle Scott, Savannah Stum, and Sydney Stulier.

**Alex Schmidt**

It was very fun to be around all my friends.

**Team** Miss Moore is wisely instructing the Junior High B team for the game to come.

"It's not all about winning. It's not all about how many points you score. It about showing up, physically and mentally every day. Our athletes worked hard and in the end we were able to make leaps and bound, not as individuals, but as a team."

**- Coach Moore**

**Rooney Fehr** Bump, Set, Spike! Rooney is a great player and he is about to hit the volleyball over the net into his opponents face.

The junior high basketball team finished the season fighting hard. Even though they ran into some struggles along the way, they pushed through the season and finished with heads held high. They played many teams and had some wins and some loses.

The junior high basketball team will be saying goodbye to the eighth grade participants, Kayden Moser, Savannah Stum, Alex Schmidt, Benjamin Splitter, Sydney Stulir, Kyle Scott, and Japheth Frey. In the sorrow of them not being back next year new team members have come to play. 5th graders, Mark McClave and Emma Frey, the team welcomed them with open arms.

**Alex Schmidt**

"I enjoyed playing with new kids on the team and I am sad it's my last year"

**Mark McClave**

"At first I was okay it's just basketball but in the end I though basketball was AMAZING!"
